POSA SOPRAELEVATA INSTALLATION ONTO FLAT SURFACES (RAISED LAYING)

Ad oggi non esiste una normativa specifica per i pavimenti sopraelevati da esterno, si rimanda pertanto al professionista progettista un'attenta valutazione dei requisiti del progetto. CERAMICA EURO suggerisce l'utilizzo di supporti aggiuntivi sotto le piastrelle (5° supporto centrale), come da schema sotto riportato.

To date, there is no existing regulatory standard regarding outdoor raised floors. Therefore, the Customer/Designer/Project Manager has to arrange for a careful assessment of the project and its requirements. CERAMICA EURO recommends the adoption of additional supports under the tiles (5th central support), as per diagram below.
